Mr. Leonard Miller
Lot #1
Webster Park Mobile Home Park
1545 N. Barnes
Springfield, MO 65803

Dear Mr. Miller:

Please find enclosed the copy of the April 9, 1993 letter sent to the Webster Park Mobile Home Park on North Barnes in Springfield, Missouri. The letter requested that the open five gallon container of waste oil on lot five of the park be properly disposed of.

On May 3, 1993, it was noted that the container of oil was still at the site and had not been properly taken care of as requested. We were advised by the County Assessor's office that you are the owner of the park. As indicated in the letter, the ultimate disposal of abandoned wastes is the responsibility of the property owner.

Waste oil continues to be floated out of the container when it rains, creating a larger area which needs to be cleaned up. I suggest that you take immediate steps to correct the problem to prevent further soil and water contamination.

Your prompt disposal of the waste oil and removal of oil contaminated material will be expected. If you have any questions, please let me know.

Sincerely,

SOUTHWEST REGIONAL OFFICE
